### D. Additional requirements

[To be completed if necessary, other requirements may be added on academic or organisational aspects, e.g. the selection criteria for students and staff; measures for preparing, receiving and integrating mobile students and/or staff]

[Please specify whether the institutions have the infrastructure to welcome students and staff with disabilities.]

#### P COIMBRA01:

Master students need to send a bachelor certificate OR a transcript of records with 180 ECTS credits to the Student Exchange Office.

PhD students need to send a master certificate to the Student Exchange Office. PhD students will only receive ECTS credits if they complete courses at the host institution. Therefore, they will not receive any ECTS credits from the host institution for PhD-related research they undertake. The home institution is responsible for accrediting PhD students with ECTS credits for research completed at the host institution.

It is not possible for students to hand-in their final BA-/MA-/PhD-thesis at the host institution. Final theses need to be graded by the home institution.

The University of Coimbra offers counseling for students with disabilities and chronic diseases. We assist with finding suitable accommodation (wheelchair users are advised to apply for accommodation as early as possible), we provide information about public transport, access to health care, and about financial support in case of additional disability expenditure on the part of the student. The Office for Students with Special Needs moreover gives information concerning the accessibility of university buildings and helps to move a class to another room, if needed. Accommodated study and exam conditions, e.g. additional study papers for blind and visually impaired students, or extra time to use technical devices during exams can also be arranged.

## F. Information

### 1. Grading systems of the institutions

- P COIMBRA01: [http://www.uc.pt/en/ects/info\\_inst/sq-ma/](http://www.uc.pt/en/ects/info_inst/sq-ma/)

## Grading scheme and, if available, grade distribution guidance

1. The final assessment of a course unit is expressed by a grade on a scale of whole numbers from 0 to 20, with 10 as the minimum passing grade, as well as its European equivalent rating.
2. The final classification is expressed in the range 10-20 on a numerical scale from 0 to 20, as well as its European equivalent of comparability of classification. The final grade is calculated using the weighted average number of ECTS for each outcome eligible for approval for the determination of graduation.
3. The final classification can be accompanied by a qualitative definition on the following scale: Sufficient (10-12), Satisfactory (12-13), Good (14-15), Very Good (16 and 17), excellent (18-20).
4. The scale is based on the ECTS association of a numerical definition (percentile) with the levels A, B, C, D and E, according to the following table

ECTS Grade	Definition	% of successful students normally achieving the grade
A	EXCELLENT	10
B	VERY GOOD	25
C	GOOD	30
D	SATISFACTORY	25
E	SUFFICIENT	10
FX	FAIL	–
F	FAIL	–

The classification scale ECTS is based on the distribution of results obtained in the range 10-20 for all students in a course or in the final course corresponding to the three academic years prior to the result given a minimum of 30 successful students or graduates. Where it is not possible to obtain the minimum number of elements in the distribution are considered the four, or five school years prior to distribution to complete at least 30 elements. In distribution of results are only considered grades for evaluation.

### ECTS credits:

one semester  
30 ECTS credits

one full academic year  
60 ECTS credits

*[It is recommended that receiving institutions provide the statistical distribution of grades according to the descriptions in the ECTS users' guide<sup>3</sup>. A link to a webpage can be enough. The table will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.]*
